8

## SASEC 2025: the Way Forward

- SASEC 2025 – 10-year strategy and operational plan, laying out a road map to achieve the fundamental SASEC goal
- Strengthen national conformance bodies and the development of infrastructure and automation in SPS-related and other border agencies
  - upgrading testing and certification facilities to expedite cargo clearance
  - strengthening national conformance bodies and promoting harmonization of standards - creating opportunities for Mutual Recognition Agreements
  - promoting automation in other border agencies to enable them to link into the NSWs

9

## For Discussion / Agreement

- i. Review the terms of reference for the national SPS/TBT diagnostic study, reflecting the national priorities and preferences for Nepal;
- ii. Review the commodities chosen by Nepal for the national diagnostic study;
- iii. Confirm the willingness of the nodal point and group to work with the national consultant for the 6 month period of the diagnostic study; and
- iv. Schedule for conducting the study.
